VALPARAISO, CHILE DAMAGED BY QUAKE

Hundreds of People Buried In Ruins.

SERIOUS AS 'FRISCO DISASTER

Fires Are Burning In Various Parts of the City—Practically Every Building In the South American City Is Damaged.

New York, Aug. 18.—The city of Valparaiso, Chile, is reported badly damaged by an earthquake.

The report received here is that the situation in Valparaiso will be as serious as the San Francisco disaster. Practically every building in the city is damaged, and there are fires in different parts of the town.

Many persons are reported killed and wounded. The earthquake has interrupted cable facilities to lower South American points, and communication is restricted to the route by way of Lisbon.

Another report from Valparaiso is that the loss of life has not been confirmed. Fires are burning in various parts of the city.

One report which reached this city said that portions of Valparaiso were burning all night and that the bodies of hundreds of its residents were buried in the ruins of the buildings.

Valparaiso is a fortified seaport of Chile, and the most important commercial town on the western coast of South America. It has a population of about 115,000. It is the capital of a province of the same name, and is situated on a large bay in the Pacific ocean, 75 miles west-northwest of Santiago, with which it is connected by rail.

The bay of Valparaiso, which is well sheltered on three sides, is bounded by ranges of hills rising to from 1,600 to 1,700 feet high, on the slopes of which a considerable portion of the city of Valparaiso is built. On the south side of the bay are the spacious suburbs of Nuevo Malecom and Gran Avenida, from which pass out one of the finest of the thoroughfares of Valparaiso, the Avenida des las Delicias. The lower central portion of the city is constituted by the Almedral, having regular and attractive streets, and containing the principal business houses, the park, the plaza Victoria and the national theater.

To the west of the city on the quarter of the city known as the Puerto (the port) in which are situated the greater number of the public buildings and the vast warehouses which line the quays and sand docks. In this portion of the city, however narrow and crooked streets are still a feature, but the other sections of the city have an attractive, modern appearance, the buildings of the business streets being massively built.

Among the monuments in Valparaiso are those to Columbus, Wheelwright (who established steam navigation on the Chilean coast), Admiral Prat and Thomas Cochrane, organizer of the Chilean navy. The city has various academic and collegiate institutions, a naval school, school for marines, museum of natural history, hydrographic bureau, etc., and its industrial establishments comprise foundries, railroad and machine shops, sugar refineries, breweries, distilleries, large bottling works and factories of all kinds. Elevators connect the lower part of the city with the villa section on the heights. The port of Valparaiso is the terminus of important lines of steamers for Europe by way of the straits of Magellan and Panama, and is the center of the South American coasting services. It contains a numerous foreign colony, composed chiefly of British, German and French, and Brith merchants. There is a custom house, alongside of which steamers of ordinary tonnage can moor, but most boats unload by means of lighters at the quays.

The harbor is defended by modern, well-mounted batteries. Severe storms and a tidal wave at Valparaiso June 24, 1730, wrecked the quays and did much damage to the city.

PHARR CAUGHT IN MONTANA.

Absconding Cashier of Bank at McRae Ga., Is Under Arrest.

Livingston, Mont., Aug. 18.—Olin P. Pharr was arrested here upon advice from McRae, Ga., where Pharr was cashier of the Citizens' bank. He is charged with defalcation.

Pharr was traveling under the name of W. W. Williams, claiming to be a detective in the employ of the Georgia bank, in a hunt for the missing cashier.

A. L. Ryals, a director of the McRae bank, arrived Thursday evening and identified the prisoner.

Came to Atlanta and Disappeared.

McRae, Ga., Aug. 18.—Olin Pharr, the absconding cashier of the Citizens' bank of this place, who has been located in Livingston, Mont., left McRae on June 10 last, presumably to attend the Bankers' convention which was in session at that time in Atlanta. He arrived in Atlanta on Sunday afternoon in order to be present at the opening of the convention Monday morning. With him was H. P. Whiddon, cashier of the Merchants' bank of McRae, and they registered at the Piedmont. After a short ride about the city, they returned to their room and Mr. Whiddon went to fill an engagement with his relatives in West End, Mr. Pharr claiming a headache and said that he would lie down and rest.

When Mr. Whiddon reached his room about 11 o'clock that night, his friend was gone, leaving no message. While alone in the hotel during the early evening hours it seems that Mr. Pharr wrote a leter to his wife, stating that he was short in his accounts and that he was going away never to return. An examination of his books showed a shortage, and it was believed at that time that the constant brooding over his trouble had temporarily unbalanced his mind.

The Surety company came forward promptly and paid the bond, then began a quiet search for Mr. Pharr's whereabouts. He will be brought back within the week and it is quite probable that his shortage will be made good, and that there will be no prosecution.

Killing Guard Convicts Escape.

Charleston, S. C., Aug. 18.—Feigning illness, three negroes, Alonzo Goodwin, Hammond Wilson, and Geo. Kenny, convicts, serving long terms on the chaingang of the sanitary and drainage commission work, near Ashley Junction, stopped in the stockade Thursday, and about 2 o'clock having asked for water, seized and overpowered H. C. Stello, the white guard, and cut his throat with a butcher knife. Two "trusties" at the stockade were locked in by the men, who ransacked the guard's rooms, donned civilian clothes, and escaped into the nearby swamps. The men, contrary to rules, were not chained in the stockade. The "trusties" broke out, and spread the alarm. A sheriff's posse is scouring the woods with bloodhounds.

Will Make Scientific Research.

New York, Aug. 18.—Like a Robinson Crusoe, only without a man Friday, and with a certainty of rescue, Alfred J. Klein will spend three months on Kerguelen island, away south of the Indian ocean and halfway between Tasmania and the southern end of the continent of Africa. He is being sent thither by the Museum of Natural History for purposes of research, and expects to sail from Boston in September. Through the voyages of a whaling vessel, the museum holds information about the island which leads to a belief that the island contains many specimens of plant and animal life entirely unknown to the world of science.

Prisoner Makes His Escape.

St. Petersburg, Aug. [illegible]enzoff, the leader of the ban[illegible] pillaged the Chedit Mutual Ban[illegible]cow, daringly escaped while on his way to Moscow from Switzerland, whence he had been extradited.

Well Known Author Dead.

Skowhegan, Me., Aug. 18.—Rebecca S. Clark, better known as Sophia May, writer of many books for children, died at Norridgewock Thursday night, at the age of 73 years.

AID AGAINST BLACKS BEGGED OF ROOSEVELT

Citizens Say Negro Troops Have Threatened to Burn Town.

THE CITIZENS ARE DESPERATE

Urgent Appeal Also Sent to Texas Senators and the Governor To Aid Town Where Outrages Were Recently Committed by Negro Troops.

Brownsville, Tex., Aug. 18.—No replies being received by the investigating committee to requests for protection and relief from the strain under which this city has been since the outrage committed by the negro soldiers on Monday night, the committee has sent a most urgent message to President Roosevelt, United States Senators Culberson and Bailey, and Governor Lanham, detailing the outrage, and stating that after two days' diligent inquiry, it has been found that no blame attaches to the citizens, and asking that the negroes be replaced by white troops. The message states that threats have been made by the soldiers that they will break out again and burn the town, and it is feared the five commissioned officers cannot control the men.

The governor and senators are implored to do all they can to secure the removal of the negro troops. It is expected the government investigation will result in a courtmartial for one or more officers.

A citizens' guard of 150 men is stationed along the road between this city and Fort Brown, and if the negro soldiers attempt to leave the garrison it is the avowed purpose of the citizens to shoot them down.

Four hundred winchester rifles were sold to citizens Thursday.

The report that the officers of the garrison are themselves afraid of the negro troops has determined the citizens to take no chances. Many people are leaving their homes on the side of the city near Fort Brown.

Oyster Bay, Aug. 18.—The message from the committee of citizens in the town of Brownsville, Tex., requesting that the negro troops who committed an outrage there last Monday night, be replaced by white soldiers, was received by President Roosevelt Friday. The president at once referred the dispatch to the war department with a request that an immediate report on the matter be made to him. No action on the committee's request will be taken by the president pending the report from the war department.

Washington, Aug. 18.—In response to President Roosevelt's request for information concerning the situation at Brownsville, Tex., Acting Secretary Ainsworth has forwarded the report received from Major Penrose and also informed the president that the commanding general of the department of Texas has been requested to furnish, as soon as possible, detailed information of the investigation being made by the military authorities. It is not believed at the department that there will be any further clash between the citizens and soldiers and the hope is expressed that the excitement which prevailed will subside when it is known that the government intends to ascertain the facts and will punish any of the soldiers implicated in unlawful acts. It is stated that the troops will not be allowed outside of the post for the present and that strict discipline will be maintained.

Transfer Girls Walk Out.

Macon, Ga., Aug. 18.—About thirty transfer girls in the Macon knitting mill, at the corner of Hawthorne St., walked out Thursday morning on a strike because of their failure to receive an increase of half a cent on the dozen pairs of half hose which they asked. About 300 pairs of half hose made up the daily output of the mills and the girls received 1 cents per pair for their transferring. President Thomas and Superintendent Hall are making plans to adjust the matter, and the main working force still remains in given what they ask.

WANT CHEATHAM TO RESIGN JOB

Alabama Commission Talks of Cotton Association Situation.

Montgomery, Ala., Aug. 18.—Commissioner of Agriculture R. R. Poole said Thursday that he believed that Secretary Cheatham, of the Southern Cotton association, ought to resign, as it has been shown that he has dealt in futures. He believes that every man has a right to deal in futures if he sees fit, so long as such action does not compromise some other men or organizations.

"My idea is," said Colonel Poole, "that the people of the south ought to say to Mr. Cheatham: 'We appreciate very much what you have done, and your services in Washington will always be remembered, but you have made a mistake which is likely to hurt the southern cotton association, and it is best for you and the association that you drop out.' This, I think, is the best and safest course for Mr. Cheatham to pursue and I am sure that the meeting at Litle Rock early in next month should ask for the resignation of Secretary Cheatham."

There is evidenced on the "part of the public in this section, the greatest confidence in the Southern Cotton association, and many look to it this year as in the past two, to help keep the price of cotton up. It is thought that there will be no trouble in maintaining the organization for the good of the farmers, who have been so much interested in and helped by it.

Two Killed by Boiler Explosion.

Birmingham, Ala., Aug. 18.—At Easley, Ala., Friday the boiler of locomotive No. 13, of the Birmingham Southern railroad, exploded while the engine was near the furnaces of the Tennessee Coal, Iron and Railroad company. Engineer Ed Brinker and Fireman Claude White were instantly killed and their bodies blown to fragments. A fragment of flying iron pipe struck the engineer at furnace No. 5 and he was badly hurt, as was also a negro switchman, who was working in the railroad yards nearby.

$10,000 Needed for Repairs.

Washington, D. C., Aug. 18.—According to information reaching the navy department, the recent collision between the battleships Alabama and the Illinois will cost the government $10,000 in repairs, principally to the Illinois. Although that vessel cannot be completely repaired in time for the president's review off Oyster Bay, she will participate in that function and return to the yard later.

Massachusetts Bank Closed.

Washington, Aug. 18.—The comptroller of the currency has received advices by telegram from National Bank Examiner Ever that the First National Bank of Chelsea, Mass., has been closed by the action of the directors. Examiner Ever has been appointed receiver. The failure of this bank was reported by the examiner to be due to excessive loans to officers and directors of the bank.

Funeral of Mrs. Craigie.

London, Aug. 18.—The funeral services Friday over the body of Mrs. Craigie (John Oliver Dobbs) were largely attended. Ambassador Reid and Mrs. Reid and many other Americans and a number of English authors and writers were present. Monsignor Brown delivered a sympathetic and eulogistic address, during which he dwelt upon the deeply religious life of the deceased.

'Frisco Bank Clearings.

San Francisco, Aug. 18.—The bank clearings of San Francisco show much activity in business during the past week. The increase over last year was 9 per cent and the totals were well above the $40,000,000 mark. For the week ending Thursday noon, August 16, 1906, the clearings were $41,914,147 as against $40,149,941 for the same week of 1905. The increase is $1,764,114.17.

Expelled Mullahs Return.

St. Petersburg, Aug. 18.—A dispatch from Teheran says that the return of the expelled mullahs was made the occasion for great ceremony, the city being illuminated in their honor for [illegible] days. The disturbances [illegible] expand. The health of the [illegible] is reported worse than for some [illegible]

GOVERNOR SEES NEGRO KILLED BY LYNCHERS

State Executive Powerless to Prevent Lynching.

GIRL IDENTIFIED HER ASSAILANT

Governor Heyward Pleads with Indignant South Carolinans, But in Vain. Object of Wrath Shot to Death Near Victim's Home.

Columbia, S. C., Aug. 18.—Within the shadow of the house of his victim, Miss Jennie Brooks, after having been identified by her, and after Governor D. C. Heyward, who went to the scene of the trouble and had addressed the mob in vain, Bob Davis, the negro who on Monday murderously attacked Miss Brooks with intent to commit assault, and who afterwards outraged a negro girl 14 years old, was lynched about 7:30 o'clock Thursday evening.

Governor Heyward reached the scene shortly after the negro had been captured. A platform was erected in a fence corner on the premises of the victim's father, from which Governor Heyward addressed the mob in an effort to prevent the lynching.

The governor beseeched the mob not to lynch Davis, but in vain. At the conclusion of his speech the governor was vociferously cheered.

The mob then removed the prisoner to a place within a short distance of the home of the victim, where the negro was riddled with bullets. It is impossible to estimate the crowd, as citizens from several counties had gathered at the scene and for two days had been in pursuit of the fiend, but it is certain that hundreds of bullets were sent through his body.

The militia in that section of the state is now encamped at Chickamauga and there were no nearby troops to be called upon.

Startling Meat Disclosures.

Chicago, Aug. 18.—That the free lunch served in hundreds of saloons in Chicago is largely composed of meat in a condition absolutely unfit for use, was discovered Thursday by Food Inspector Murray, when his force of assistants raided a barn at 124 Illinois street, owned by William Davidson. The place contained thirty stoves over which six men were working in an endeavor to a prepare diseased pork and beef into a semblance of its original form and thereafter "manufacture" it into free lunch for the saloon trade. The men working in the awful stench of the place were arrested on warrants sworn out by Inspector Murray, and with Davidson are accused of violating the health ordinances of the city.

Suspends Work of Construction.

Baton Rouge, La., Aug. 18.—Because it is alleged that the Cumberland Telephone and Telegraph company dislikes the reduction of 10 per cent in the toll line service recently ordered by the Louisiana railroad commission, the company has suspended the work of construction and improvements being made in various sections of the state. The new toll line rates do not go into effect until Sept. 1, and the Cumberland company, the only company affected, will have until that time to arrange its business for the new schedule.

Depew's Auto Held Up.

White Plains, Conn., Aug. 18.—Deputy Sheriff Townsend, in the town of Scarsdale, held up a touring car Thursday for speeding at the rate of 40 miles an hour, in which were Senator and Mrs. Chauncey Depew and another woman, said to be a relative of the senator. The chauffeur denied exceeding the speed limit. Senator Depew sided with the man saying the speed had not impressed him as fast. He gave a cash bond for the chauffeur's appearance.

Carry Home Country.

Seattle, Wash., Aug. 18.—Cale and Waskey, the candidates of the miners of Alaska, have carried the Nome country, known as the second district, territory, by handsome pluralities. Their election in one precinct as [illegible]

GAINESVILLE & GULF IS NOW GRADING

Work Will be Pushed Rapidly From Fairfield Toward Tampa.

ARE AT WORK IN EARNEST

It is Said That There is Plenty of Capital Behind the Venture, and That Within a Reasonable Time Trains Will be Running to Tampa.

There has been a great deal said within the past few months about the proposed extension of the Gainesville and Gulf railroad and the intention of the management, but up to a short time ago there has been nothing definite accomplished. However, the road and the management of its affairs has passed into hands of men who mean business now, with the result that the right-of-way has been cut for several miles south of Fairfield, and grading has actually begun. A large force of hands will be put to work on this grading, and it will be pushed as rapidly as possible.

W. A. Jones, who for the past two years has been connected with Fagan's market in this city, has associated himself with W. G. W. Gornto, an old contractor, and will take the contract from Crystal River. They are now recruiting hands, and will put a good force on Monday morning grading northward towards Fairfield, where they will meet the grading team working South. It is proposed to push the work forward as rapidly as possible.

There are a great many improvements being made and contemplated by the Gainesville and Gulf, which at present cannot be published. The road is laying a number of sidings in the Gainesville yards, and it is understood that arrangements are being made to handle a largely increased freight business, which will naturally come through an extended system.

The Gainesville and Gulf will be running into Tampa in a reasonable length of time, and is destined to become the trunk line of Florida, as it will shorten the distance between the West and Tampa several miles.

NEWS OF CITY AND COUNTY CONDENSED

Frank McDavid, a progressive farmer of the Monteocha section, was trading in the city yesterday. Mr. McDavid reports crops in his section in good condition, but a little rain would be acceptable just at this time.

T. L. Robinson, manager of the celebrated Maxwell orange grove at Melrose, was in the city yesterday and renewed his subscription to The Sun. He reports the prospects bright for a good crop of the golden fruit the present year.

Miss Mattie Boulware has returned from Wauchula and Mulberry, where she has been visiting friends. She was accompanied upon her return by Mrs. T. Townsend, who will remain here for sometime as a guest of the Boulware family.

Rev. V. H. Ellis, one of the oldest and best citizens of the northern section of Alachua county, called at The Sun office yesterday and renewed his subscription. Mr. Ellis is one of this paper's oldest and most highly appreciated subscribers.

Sam T. Dell, representing the J. H. McLaurin Company, wholesale groceries and produce, Jacksonville, is spending Sunday at home. Sam is not only one of the cleverest fellows on the road, but is one of the most successful, as his order book will show.

J. S. Beshaw, who a few months ago purchased from J. R. W. Grissom a building on West Liberty street, has materially improved the same with an extensive addition. The plans have also been changed, and altogether the place will make a most desirable cottage when completed.

Information has reached this city of the death of a child of Rev. and Mrs. Patton, which occurred in Virginia, at their home, recently. Mr. and Mrs. Patton and children spent the past winter in this city and made many friends who will regret exceedingly to hear of their misfortune.

R. F. Ensey of Old Town, a prominent stockman of that section, was in the city yesterday. Mr. Ensey sold a day or two ago to J. G. Harrold a fine drove of 125 head of choice cattle from his own range at good prices. Mr. Ensey is a civil engineer, and has been holding a government position at Egmont Key. He has been instructed to proceed to Cuba, and will leave on official duties about September 1.

Thomas Blair of the Southern Bell Telephone Company, construction department, has returned from Micanopy, where he has been on business connected with his company. As has been stated before, Micanopy will soon have a Bell telephone exchange, forty-two subscribers having been secured on the original list. Mr. Blair states that preparations are being made, and that work of installing the system will begin in a short time.

W. G. W. Gornto has been spending the past two or three days in the city. Mr. Gornto, who is a practical grading contractor for railroad work, was formerly a resident here, but left Gainesville several years ago. He was one of the contractors for grading on the Florida Southern railroad, and has had other extensive contracts in the State. He has secured a contract for grading on the extension of the Gainesville and Gulf railroad, and expects to begin tomorrow morning at Crystal River with all the hands he can employ.

W. W. Bruce and wife of Fairbanks were in the city yesterday on a visit to their son in East Gainesville. Mrs. Bruce will spend a few days with her son, while Mr. Bruce will "bach" it at home during her absence. These good people are among the oldest and best people of this section and it is always a pleasure to meet them. Mr. Bruce called at The Sun office and renewed his subscription to this paper for the twenty-second time, having been a regular subscriber for 22 years, during which time he has never been in arrears for more than two months.

Dr. Andrew Sledd and family, who recently removed to this city from Lake City, are temporarily located at the home of Major and Mrs. W. L. Floyd. Dr. Sledd, who is president of the University of Florida, is looking for a home, however, and, while they appreciate the generous hospitality of Major Floyd and his good wife, they are desirous of settling in their own home. Dr. Sledd is well pleased with Gainesville, and is also gratified at the progress being made on the elegant new University buildings, which the contractors guarantee will be ready for occupancy at the time of the opening of the fall term, September 26.

The Sun is informed that persons have recently been killing bull-bats in the vicinity of this city, being under the impression that there was no law against killing same. The bull-bat is protected under Chapter 4957, Acts of 1901, as are all other birds not specifically exempted in said Chapter, and it is unlawful to kill them at any season of the year. The penalty for killing any bird protected by this law is five dollars fine for each offense and five dollars additional for each bird, dead or alive, found in the possession of any person or persons, or ten days' imprisonment, or by both fine and imprisonment, at the discretion of the court.

Attention is directed to the advertisement of The G. W. Hyde Company, who are advertising a clean-sweep sale for the second week. This sale proved a great success during the first week, as the goods in every department offered were far beyond the expectation of those who bought them. This will naturally result in a "run" the coming week, and those who attend the sale are assured of bargains, as will be noted from the prices. The G. W. Hyde Co. advertises not for show, but upon business principles, and it may be depended upon that the firm always present the articles as represented, as they are here for business, propose to remain here, and could not afford to misrepresent articles if they desired to.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co.

Italian Kills Constable.

Asbury Park, N. J., Aug. 18.—William R. Hodges, a constable who was stationed at a dance hall, was shot and killed early Friday by Frank Marchesano, an Italian. Marchesano insisted on entering the hall without paying for admission. When Hodges refused to admit him he shot the constable twice. A detective arrested the Italian. A crowd which had gathered, threatened to lynch him, but made no movement to do so and he was taken to jail.

Don't Be Blue

And lose all interest when help is within reach. Herbine will make that liver perform its duties properly. J. B. Vaughn, Elba, Ala., writes: "Being a constant sufferer from constipation and a disordered liver, I have found Herbine to be the best medicine, for those troubles, on the market. I have used it constantly. I believe it to be the best medicine of its kind, and I wish all sufferers from these troubles to know the good Herbine has done me." Sold by W. M. Johnson.

Coal Miners Strike.

Knoxville, Aug. 18.—Coal miners are on a strike at the Bell Jellico mines, 5 miles west of Pineville, Ky. The trouble is said to have originated over the question of coal weights. Wednesday night a miners' union was organized at the mines, and Thursday a general strike was declared operative. An official of the company claims that outsiders came in and induced his men to join the union against their will.

S.S.S. FOR THE BLOOD

The purifying action and curative properties of this great remedy have made "S. S. S. For The Blood" a household saying, and thousands who are today enjoying perfect health owe their recovery from blood or skin diseases to this universally used blood medicine. S. S. S. is made entirely from roots, herbs and barks which possess not only cleansing and healing ingredients, but building-up and strengthening properties to keep the blood in perfect order. No one can be well when the blood is impure; they lack the energy and strength that is natural with health, the complexion becomes pale and sallow, the vitality is weakened and they suffer from a general broken down condition. When the waste or refuse matter, which nature intends shall be thrown off, is left in the system because of a sluggish, torpid condition of the expelling members, it is absorbed into the blood, making this vital stream weak, sour and acrid and its condition is manifested by boils, pimples, rashes, blotches and other eruptions of the skin. S. S. S. goes into the circulation and removes every particle of blood taint or poison of every character, makes the blood fresh and strong and gives energy to the entire body. When the blood has been cleansed by S. S. S. all skin diseases and eruptions pass away and the smooth, clear skin, glowing with health, shows that the body is being nourished by rich, pure blood. Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Contagious Blood Poison, etc., are all deep-seated blood disorders, and for their cure nothing equals S. S. S. It does not injuriously affect the most delicate parts of the body and can be taken with perfect safety by old or young. Book on the blood and any medical advice desired without charge.

NOBLE A. STROBHAR WANTS DAMAGES

Has Filed Suit Against Atlantic Coast Line For $25,000.

LOST FOOT IN ACCIDENT

Was in the Employ of the Defendant Company, When He Fell From Locomotive and Wheels Passed Over His Limb—Amputation Foot Necessary.

An important suit has been filed in Progress Docket No. 2, page 183, of the records of Alachua county, which will likely prove of a great deal of interest before it is finally decided.

The case in question is that of Noble A. Strobhar vs. the Atlantic Coast Line, and the title is for damages of $25,000 for injuries sustained by the plaintiff, while in the employ of the Atlantic Coast Line Railroad, the plaintiff having lost a foot.

It will be remembered that young Strobhar, who is a son of Captain J. N. Strobhar, former agent of the Atlantic Coast Line at this point, was employed as a baggageman or flagman on the line of the defendant, running between High Springs and Citra. Several months ago, while attempting to dismount from an engine in the High Springs yard, Strobhar's foot slipped and he fell under the tender, the wheels so badly mutilating a leg that it was necessary to have the foot amputated.

This case will be watched with a great deal of interest throughout the State, as the Strobhar family is well known. It will likely be brought to trial at the next term of the circuit court.

Attorney B. A. Thrasher is representing the plaintiff.

THE DEMAND IS GREAT.

Many People Looking for Houses, Which Are Becoming Scarce.

E. E. Voyle, talking to a representative of The Sun, stated that the demand for houses throughout the city continues, and in fact increases. The result is that the supply of desirable homes is short.

"There seems to be a great demand for houses for future occupancy," remarked Mr. Voyle. "People come to our rental department every day wanting to secure houses for occupancy from September 15 to October 1, and as a matter of course we have to refuse them, as in instances they do not care to begin the payment of rent until they are ready to move. I have noted, however, that virtually all of this class of people are new comers, who expects to bring their families and make Gainesville their home after the dates mentioned."

Desirable houses are very scarce at this time, and prospectors are extremely fortunate to get something which suits them.

Another Good Man Gone Wrong

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. R. Bass of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. J. W. McCollum & Co.

Oak Halls, Jr., Home.

The Oak Halls, Jr., baseball team, after three days spent in Ocala, have returned to their home here. The team played a series of three games with the second team of the Brick City, in two of which they were victorious. They speak in the highest terms of the hospitable manner in which they were entertained by the boys of Ocala and their families, and can never forget them

It was intended to have the Ocala boys visit Gainesville during the coming week, but owing to the game between the fats and the leans, which is a local proposition, it has not been decided definitely whether to have a game or not.

THE AUTOMOBILE LAW.

Of Interest to the Owners and General Public.

Owners of automobiles would do well to read Chapter 5437, Laws of Florida, Acts of 1905. We understand that some owners of these vehicles are daily violating this law, especially Section 9, which is as follows:

"Sec. 9. Any person operating any such registered motor vehicle shall, at request or on signal by putting up the hand, from a person riding, leading or driving a restive horse or horses or other draft animals, bring such motor vehicle immediately to a stop, and if traveling in the opposite direction, remain stationary so long as may be reasonable to allow such horse or animal to pass, and, if traveling in the same direction, use reasonable caution in thereafter passing such horse or animal: provided that, in case such horse or animal appears badly frightened or the person operating such motor vehicle is requested so to do, such person shall cause the motor of such vehicle to cease running so long as shall be reasonably necessary to prevent accident and insure the safety of others."

There are other sections of the law which are of interest to owners of these kind of machines, for the violation of which there is a severe penalty attached, and all should post themselves regarding the same before they are required to appear before a committing magistrate.

Letter to Crawford & Davis, Gainesville, Fla.

Dear Sirs: There's twice as much horse in one horse—it may be a mare—as there is in two or three others together

So with paints too. If a painter can do your job with 10 galions Devoe for $50; it'll take 12, 15 or 20 of other paints; and the cost of a job is about $5 a gallon, whatever the paint may be

There are paints adulterated three-quarters—only one quart of paint in a gallon—he's got to paint four gallons of rubbish to get one gallon of paint. The worst horse you've got is as good as that paint, and he'll go as far

The less-gallons paint is the paint, as the most-horse horse is the horse.

Yours truly,
F. W. DEVOE & CO.,

ACCIDENTS INCREASING

Fast transportation, poor railroad service, the multiplied diversities of daily life, whether in business or in recreation, and the careless haste and nervous intensity of American character are resulting in a constantly increasing average of accidents, fatal and disabling.

18,296 PEOPLE KILLED AND HURT DURING JANUARY, FEBRUARY AND MARCH.

Washington, July 25.—The railroad accident bulletin which has just been issued by the Interstate Commerce Commission for the three months ending March 31, 1906, shows the total number of casualties to passengers and employes to be 18,296 (1,126 killed and 17,170 injured). This is an increase of 17 in the number of killed and 52 in the number injured over those reported in the preceding three months.

The number of passengers and employes killed in train accidents was 274, as against 320 in the preceding three months, a decrease of 46 in the number killed.

The total number of collisions and derailments was 3,490 (1,921 collisions and 1,569 derailments), of which 289 collisions and 167 derailments affected passenger trains. The damage to cars, engines and roadway by these accidents amounts to $2,924,785.

SERIOUS WRECK OF PACIFIC EXPRESS

Fifteen Passengers Were Seriously Injured—Engine Plunged Into River.

Fishkill Landing, N. Y., July 29.—Pacific Express Train No. 37, of the New York Central and Hudson River Railroad, which left the Grand Central station in New York at 9:32 o'clock tonight, was wrecked shortly before midnight a short distance above Chelsea, and eleven miles below Poughkeepsie, by running into a landslide which had been swept down from a high embankment by a terrific rainstorm this afternoon. The engine of the flyer was thrown from the rails and plunged into the river.

TWO YACHTS CAPSIZED.

Eight Persons Lost Their Lives After Thrilling Experience.

Anglesea, N. J., July 29.—Two yachts capsized in Hereford inlet bar off here today and so far as can be ascertained tonight eight persons lost their lives. There were 32 persons on one yacht, of whom seven were lost, and 12 on the other, all but one of whom were saved.

That not more fell victims to the rough sea was due to the heroism of Capt. Ludlam of the Hereford inlet life saving station and a crew of five men. It was at first thought that from 14 to 28 persons had been lost, but after an investigation the coroner tonight stated that he believed only eight were lost.

20 PERSONS KILLED IN SEABOARD WRECK

By Blunder Trains Meet in Terrible Collision—Both Demolished.

Raleigh, N. C., July 24.—A collision between a freight train and a regular passenger train on the Seaboard Air Line Railroad at 8:40 Sunday night, three miles south of Hamlet, resulted in the death of four trainmen and sixteen others, and the injuring of twenty-four.

The bodies of the dead are being prepared for burial at Hamlet and Rockingham, while the injured have been removed to Charlotte and placed in the hospital there. The wreck was due to the failure of the regular passenger train to receive orders at Rockingham.

THE FAITHFUL DOG.

Of all animals, the dog is the most faithful, as well as the most intelligent. They are capable of being taught everything except to speak the human language, and that many of them understand this language as well as the ordinary human being there is not the shadow of a doubt. They are brave and fearless in time of danger, and the following from The New York Journal is only one of many instances in which human life has been saved by the dog:

"A mongrel dog proved himself braver than twenty men at Bath Beach yesterday afternoon, and for the rest of the year he will eat nothing but dainties provided by the man whose wife and daughter he saved from drowning.

"The dog was playing on 'Captain's pier" with a score of men watching him, when screams for help were heard from the waters a hundred yards off the dock. Mrs. Mamie Meyers, thirty-one years old, and her thirteen-year-old daughter, Minnie, two cottagers on Coney Island avenue, Sheepshead Bay, were rowing a skiff to the beach from Ulmer Park and had overturned the boat trying to exchange seats.

"The child had sunk when the mother's cry was heard. Twenty men on the pier began rushing about giving orders, though none was brave enough to swim out to the rescue. The dog leaped into the water at the first cry for help and breasted the waves rapidly toward the drowning woman and child, sending forth sharp little barks of encouragement as he approached.

"The girl had sunk for the last time as he reached her. The dog dived, caught her dress in his teeth, and, with his unconscious burden swam to shore.

"It is no light task for a strong man to swim one hundred yards with a lead weight to pull him down, and the dog was nearly exhausted when the men dragged the girl from him in the shallow water.

"But he did not give up. Turning about, he swam out again to where Mrs. Meyers was struggling to keep her head above water, and, clutching the neck of her dress he kept her afloat three minutes until men put out in a row-boat and took both woman and dog aboard.

"It was two hours before mother and child were restored to full consciousness.

"Charles Meyers, the husband of the rescued woman, went down to the pier and tried to buy the dog from William C. Shields, a boatman. Shields refused to sell. Then Meyers gave Shields $50 for himself and a like amount for the dog, with the injunction that every cent be spent in buying food that best tickles the canine palate."

Joseph H. C. Pratt, editor of The Leesburg Commercial, died at his home on the 17th inst., after an illness of only three days, the cause of his death being hemorrhagic fever. Mr. Pratt was one of the oldest editors, in point of service, in the State, and his death is deeply deplored by the fraternity.

One's influence that lives on and on after he is dead is like the after-glow of a sun that has gone down. It may have passed from view behind clouds that are dark and stormy; or, it may be the sun-set filled with inexpressible beauty or glory. Which?

SUNBEAMS

BY J. MARTIN NICHOLS.

(All rights reserved in Alachua county.)

Written especially for Gainesville Daily Sun.

Do you know that while the sculptor is chiseling into stone the image that is in his mind, he at the same time transforms the stone into the vision that burns in his brain? How true it is! Our destiny, like the unhewn gram te, is to be fashioned according to the thought and case one that inspires us. We are going to turn out the beautiful dream in stone, or we shall produce a work hideous and unshapely. Which shall it be, for you're the sculptor?

There's nothing sadder than the unwelcome child in the home. True—it is a thought almost unthinkable, but if you will stand inside the circle of these modern times there are so many things that remove us by ages from the primitive social, home and individual life. The man that looks the leese in the face is not a pessimist. The truth is, a man is an optimist only when he is pessimistic enough to see the glaring fault and then sets about its cure. Not wanted—yes, not wanted! And, if by accidental destiny, the angel visitor appears—still, not wanted! It is said that in the rich section of the Bronx, and among about 5,000, not a child born within the year. The modern flats, in densely populated districts, are most sure to put out the sign: "Children not wanted." We are really in the age when Napoleon's statement comes with awful meaning: "What is needed in my beloved France—Mothers!"

The scales of justice are on each uneven balances. In a certain Texas town, Guy Price, an ignorant negro seventeen years of age, was promptly arrested and placed under a $200 bond to answer charge of carrying a shotgun in town on election day. The lowest penalty therefor is $50. The unsuspecting boy was only on his way to purchase shells. Doubtless, the arrest was made not far from unmolested men who were using profane and indecent language in public places—within earshot of women on the street. Colonel ——— passed through the penitentiary gate, sentenced to 18 months' imprisonment for filching $40,000 of depositors' money in his bank. He met on the threshold a poor fellow just released after three years' imprisonment for stealing a half-yearling. The young man in your parlor—a prospective, well-to-do son-in-law—is the same contemptible wretch who put the scarlet letter on the bosom of some mother's girl. He goes scot free; but that girl—she's passed beyond the shadows never to return. You'll barter your innocent girl for his gold, but that girl—you must draw your skirts aside if perchance they might brush the hem of her garments. Some day, where sense is not dull nor vision dim, the scales of justice will strike an even balance.

Wealth and childless homes—Poverty and rapidly growing population. One hoards their gold, lives "the fast life," studiously conceals their nightly and senseless orgies, ignores the marital bond, boast among themselves of innocence's dethronement, repudiates motherhood, and detests the thought of childhood. The other stands for an increasing birth-ratio under a decreasing rate of ability to maintain and educate these welcome children. A deadly miasma is rising from these bogs that surround the great middle classes. Above—the scandal-breeders and creedless free-loveism of the rich. Talk about missionaires for countries across the seas! Turn your eyes toward that blacker spot in modern social life. Like as in the days of Herodian prostitution—the damsel, in gauzy film, dances for the bloated creature that swears to hes the half of his kingdom. It has about come to pass—the frontier of civilization runs down our great boulevards on whose frontage lie the costly mansions of the rich, richly entained. So sweet-toned bell calls them to evening prayer; no social law lenies its demands on them. Below the middle class lies the strata whose restless and resistless cry for bread tells the story of somebody's greed for gold. We need an Elijah and a Moses of the ancient mold—a prophet and a deliverer flung from the hand of an outraged God.

We have among us a few "fast" young men who are always spoken of as "good fellows," and in some respects they are; but it is well to remember that they are not "good fellows" who indulge in pleasure at the expense of what their duty demands of them. There is no lack of time for pleasure and there are ways of enjoyment for everyone; but in the long run the young man will find it neither pleasure nor profitable to win admiration for companionable qualities from the idle, the desolate and the vicious. There is nothing new in all this—it is an old, old story—yet every day young men are seen going to the bad through the allurements of so-called good-fellowship, and the public teacher cannot too often or too strongly admonish the youth of the folly of such a course.

Hon. W. J. Bryan is without doubt the most popular living Democrat, but we fail to see how this fact gives him authority to demand the resignation of National Committeeman Sullivan of Illinois, or members of the committee from any other State. Mr. Bryan had better devote himself to building up the party, rather than taking sides in factional fights. He will need the votes of all factions in 1908.

Senator Bailey, like Senator Tillman, has triumphed over his enemies in his own State and in other States by being unanimously renominated for United States Senator, and Democrats everywhere are to be congratulated that they will continue to have these two champions of honest government to expose the corruption and grafting of the Republican majority.

Referring to the Governor's call for contributions of postage stamps to send out his literature on the drainage of the Everglades, The Dunnellon Advocate pertinently says: "As it costs a stamp to send a stamp wouldn't it be a good idea to hold mass meetings and let each man hand in his stamp and send it to the Governor?"

"I have used your valuable Cascarets and find them perfect. Couldn't do without them. I have used them for some time for indigestion and biliousness and am now completely cured. Recommend them to everyone. Once tried, you will never be without them in the family."

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

J. MANASSE, Clothier, South Side Square, Gainesville, Florida.

A PROMINENT VISITOR.

Hon. Geo. W. Bean, Postmaster at Tampa, is Here on Business.

Among the prominent visitors to this city is Hon. George W. Bean, postmaster at Tampa, who came on a combined business and professional visit to Hon. Henry S. Chubb.

Mr. Bean is a magnificent gentleman, as well as an efficient postmaster. He is one of the most widely known Republicans in Florida, and has been very effective in his work for the party.

Mr. Bean, although a native of Connecticut, has been in Florida for the past twenty-three years, and declares that he is so well pleased with Florida in general and Tampa in particular that he proposes to "pass in his checks" here, if he lives to be a thousand years old.

In speaking of matters generally Mr. Bean said that he was very much gratified to note Gainesville's rapid growth. "You know I love Gainesville," he said, "and you will see that there is a reason for it when I tell you that my brother, H. F. Bean, and my dear sister, now Mrs. N. W. Littlefield, are both graduates of East Florida Seminary."

Mr. Bean expects to remain here for a couple of days, and in the meantime will be entertained by Col. Chubb.

A careful wife will always keep supplied with BALLARD'S SNOW LINIMENT

A Positive Cure For

Rheumatism, Cuts, Old Sores, Sprains, Wounds, Stiff Joints, Corns, Bunions and all Ills.

SHE KNOWS.

Mrs. C. H. Runyon, Stanberry, Mo. writes: I have used Snow Liniment and can't say enough for it, for Rheumatism and all pains. It is the most useful medicine to have in the house."

Three Sizes 25c, 50c. $1.00

Ballard Snow Liniment Co.
ST. LOUIS, MO.,

Sold and Recommended by W. M. JOHNSON, Gainesville.

Cured Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

Miss Tebeau's School.

Announcement will be seen elsewhere of the opening of the fall term of Miss Tebeau's school on September 17. This is one of the oldest and most widely known private schools in the State, being now in its thirty-third year under the same direction. Miss Tebeau is recognized as one of the most competent educators in the State, and in the person of Miss Thomas has a valued assistant.

Children in Pain

Never cry as do children who are suffering from hunger. Such is the cause of all babies who cry and are treated for sickness, when they really are suffering from hunger. This is caused from their food not being assimilated but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Give it a trial. Sold by W. M. Johnson.

Mr. May in New York.

C. D. May of Newberry has been in New York for the past two weeks buying his fall and winter goods. In a letter to Pat Hubbard, at Newberry, he says:

"You can promise your customers the prettiest line of goods ever shown in Newberry, as we are here in time to pick over and get just what we want of the very latest fads."

Mr. May makes semi-annual trips to New York and the Eastern markets, and as he has had many years' experience in buying, his customers are always sure of getting what they want, and at the price that saves them money.

The End of the World

Of troubles that robbed E. H. Wolfe of Bear Grove, Ia., of all usefulness, came when he began taking Electric Bitters. He writes: "Two years ago kidney trouble caused me great suffering, which I would never have survived had I not taken Electric Bitters. They also cured me of general debility." Sure cure for all stomach, liver and kidney complaints, blood diseases, headache, dizziness and weakness or bodily decline. Price 50c. Guaranteed at all drug stores.

THE BREAKERS

THE BREAKERS is second to none in location and beach attractions. It is the ideal hotel for summer tourists. Situated upon a high bluff overlooking the ocean and less than two hundred feet from the rolling surf, it combines the benefits of an ocean voyage with the pleasures of a shore resort. The rooms are large all outside, en suite and single with baths, and thoroughly screened. The dining-room is on the ocean side and one of the most attractive rooms of the hotel. Electric lighting, telephone service and immediate connection with an up-to-date livery.

Bus will meet all trains.

In addition to The Breakers it has been possible to add the use of the Clarendon bath houses, bowling alley, pool tables, dancing pavilion and the famous Clarendon fishing pier. The table will maintain the high standard to which Mr. Holt pledges himself, wherever he assumes the management.

The remarkable record for healthfulness, especially for children, is a well established feature.

The proof of all is to join with the many who are booking for the season.

THE FAITHFUL DOG.

Of all animals, the dog is the most faithful, as well as the most intelligent. They are capable of being taught everything except to speak the human language, and that many of them understand this language as well as the ordinary human being there is not the shadow of a doubt. They are brave and fearless in time of danger, and the following from The New York Journal is only one of many instances in which human life has been saved by the dog:

"A mongrel dog proved himself braver than twenty men at Bath Beach yesterday afternoon, and for the rest of the year he will eat nothing but dainties provided by the man whose wife and daughter he saved from drowning.

"The dog was playing on 'Captain's pier" with a score of men watching him, when screams for help were heard from the waters a hundred yards off the dock. Mrs. Mamie Meyers, thirty-one years old, and her thirteen-year-old daughter, Minnie, two cottagers on Coney Island avenue, Sheepshead Bay, were rowing a skiff to the beach from Ulmer Park and had overturned the boat trying to exchange seats.

"The child had sunk when the mother's cry was heard. Twenty men on the pier began rushing about giving orders, though none was brave enough to swim out to the rescue. The dog leaped into the water at the first cry for help and breasted the waves rapidly toward the drowning woman and child, sending forth sharp little barks of encouragement as he approached.

"The girl had sunk for the last time as he reached her. The dog dived, caught her dress in his teeth, and, with his unconscious burden swam to shore.

"It is no light task for a strong man to swim one hundred yards with a lead weight to pull him down, and the dog was nearly exhausted when the men dragged the girl from him in the shallow water.

"But he did not give up. Turning about, he swam out again to where Mrs. Meyers was struggling to keep her head above water, and, clutching the neck of her dress he kept her afloat three minutes until men put out in a row-boat and took both woman and dog aboard.

"It was two hours before mother and child were restored to full consciousness.

"Charles Meyers, the husband of the rescued woman, went down to the pier and tried to buy the dog from William C. Shields, a boatman. Shields refused to sell. Then Meyers gave Shields $50 for himself and a like amount for the dog, with the injunction that every cent be spent in buying food that best tickles the canine palate."

Joseph H. C Pratt, editor of The Leesburg Commercial, died at his home on the 17th inst., after an illness of only three days, the cause of his death being hemorrhagic fever Mr. Pratt was one of the oldest editors, in point of service, in the State, and his death is deeply deplored by the fraternity.

One's influence that lives on and on after he is dead is like the after-glow of a sun that has gone down. It may have passed from view behind clouds that are dark and stormy; or, it may be the sun-set filled with inexpressible beauty or glory. Which?

SUNBEAMS

BY J. MARVIN NICHOLS.

(All rights reserved in Alachua county.)

Written especially for Gainesville Daily Sun.

Do you know that while the sculptor is chiseling into stone the image that is in his mind, he at the same time transforms the stone into the vision that burns in his brain? How true it is! Our destiny, like the unhewn granite, is to be fashioned according to the thought and passions that inspire us. We are going to turn out the beautiful dream in stone, or we shall produce a work hideous and unshapely. Which shall it be, for you're the sculptor?

There's nothing sadder than the unwelcome child in the home. True—it is a thought almost unthinkable, but if you will stand inside the circle of these modern times there are so many things that remove us by ages from the primitive social, home and individual life. The man that looks the issue in the face is not a pessimist. The truth is, a man is an optimist only when he is pessimistic enough to see the glaring fault and then sets about its cure. Not wanted—yes, not wanted! And, if by accidental destiny, the angel visitor appears—still, not wanted! It is said that in the rich section of the Bronx, and among about 5,000, not a child born within the year. The modern flats, in densely populated districts, are most sure to put out the sign: "Children not wanted." We are really in the age when Napoleon's statement comes with awful meaning: "What is needed in my beloved France—Mothers!"

The scales of justice are on such uneven balances. In a certain Texas town, Guy Price, an ignorant negro seventeen years of age, was promptly arrested and placed under a $200 bond to answer charge of carrying a shotgun in town on election day. The lowest penalty therefor is $50. The unsuspecting boy was only on his way to purchase shells. Doubtless, the arrest was made not far from unmolested men who were using profane and indecent language in public places—within earshot of women on the street. Colonel ——— passed through the penitentiary gate, sentenced to 18 months' imprisonment for filching $40,000 of depositors' money in his bank. He met on the threshold a poor fellow just released after three years' imprisonment for stealing a bull-yearling. The young man in your parlor—a prospective, well-to-do son-in-law—is the same contemptible wretch who put the scarlet letter on the bosom of some mother's girl. He goes scot free; but that girl—she's passed beyond the shadows never to return. You'll barter your innocent girl for his gold, but that girl—you must draw your skirts aside if perchance they might brush the hem of her garments. Some day, where sense is not dull nor vision dim, the scales of justice will strike an even balance.

Wealth and childless homes—Poverty and rapidly growing population. One hoards their gold, lives "the fast life," studiously conceals their nightly and sensuous orgies, ignores the marital bond, boast among themselves of innocence's dethronement, repudiates motherhood, and detests the thought of childhood. The other stands for an increasing birth-ratio under a decreasing rate of ability to maintain and educate these welcome children. A deadly miasma is rising from these bogs that surround the great middle classes. Above—the scandal-breeders and creedless free-loveism of the rich. Talk about missionaires for countries across the seas! Turn your eyes toward that blacker spot in modern social life. Like as in the days of Herodian prostitution—the damsel, in gauzy film, dances for the bloated creature that swears to has the half of his kingdom. It has about come to pass—the frontier of civilization runs down our great boulevards on whose frontage lie the costly mansions of the rich, closely curtained. No sweet-tongued bell calls them to evening prayer; no social law levies its demands on them. Below the middle class lies the strata whose restless and resistless cry for bread tells the story of somebody's greed for gold. We need an Elijah and a Moses of the ancient mold—a prophet and a deliverer flung from the hand of an outraged God.

We have among us a few "fast" young men who are always spoken of as "good fellows," and in some respects they are; but it is well to remember that they are not "good fellows" who indulge in pleasure at the expense of what their duty demands of them. There is no lack of time for pleasure and there are ways of enjoyment for everyone; but in the long run the young man will find it neither pleasure nor profitable to win admiration for companionable qualities from the idle, the desolate and the vicious. There is nothing new in all this—it is an old, old story—yet every day young men are seen going to the bad through the allurements of so-called good-fellowship, and the public teacher cannot too often or too strongly admonish the youth of the folly of such a course.

Hon. W. J. Bryan is without doubt the most popular living Democrat, but we fail to see how this fact gives him authority to demand the resignation of National Committeeman Sullivan of Illinois, or members of the committee from any other State. Mr. Bryan had better devote himself to building up the party, rather than taking sides in factional fights. He will need the votes of all factions in 1908.

Senator Bailey, like Senator Tillman, has triumphed over his enemies in his own State and in other States by being unanimously renominated for United States Senator, and Democrats everywhere are to be congratulated that they will continue to have these two champions of honest government to expose the corruption and grafting of the Republican majority.

Referring to the Governor's call for contributions of postage stamps to send out his literature on the drainage of the Everglades, The Dunnellon Advocate pertinently says: "As it costs a stamp to send a stamp wouldn't it be a good idea to hold mass meetings and let each man hand in his stamp and send it to the Governor?"

Biliousness

"I have used your valuable Cascarets and find them perfect. Couldn't do without them. I have used them for some time for indigestion and biliousness and am now completely cured. Recommend them to everyone. Once tried, you will never be without them in the family."

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucus lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucus surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

J. MANASSE, Clothier, South Side Square, Gainesville, Florida.

A PROMINENT VISITOR.

Hon. Geo. W. Bean, Postmaster at Tampa, is Here on Business.

Among the prominent visitors to this city is Hon. George W. Bean, postmaster at Tampa, who came on a combined business and professional visit to Hon. Henry S. Chubb.

Mr. Bean is a magnificent gentleman, as well as an efficient postmaster. He is one of the most widely known Republicans in Florida, and has been very effective in his work for the party.

Mr. Bean, although a native of Connecticut, has been in Florida for the past twenty-three years, and declares that he is so well pleased with Florida in general and Tampa in particular that he proposes to "pass in his checks" here, if he lives to be a thousand years old.

In speaking of matters generally Mr. Bean said that he was very much gratified to note Gainesville's rapid growth. "You know I love Gainesville," he said, "and you will see that there is a reason for it when I tell you that my brother, H. F. Bean, and my dear sister, now Mrs. N. W. Littlefield, are both graduates of East Florida Seminary."

Mr. Bean expects to remain here for a couple of days, and in the meantime will be entertained by Col. Chubb.

A careful wife will always keep supplied with BALLARD'S SNOW LINIMENT

Cured Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

Miss Tebeau's School.

Announcement will be seen elsewhere of the opening of the fall term of Miss Tebeau's school on September 17. This is one of the oldest and most widely known private schools in the State, being now in its thirty-third year under the same direction. Miss Tebeau is recognized as one of the most competent educators in the State, and in the person of Miss Thomas has a valued assistant.

Children in Pain

Never cry as do children who are suffering from hunger. Such is the cause of all babies who cry and are treated for sickness, when they really are suffering from hunger. This is caused from their food not being assimilated but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Give it a trial. Sold by W. M. Johnson.

Mr. May in New York.

C. D. May of Newberry has been in New York for the past two weeks buying his fall and winter goods. In a letter to Pat Hubbard, at Newberry, he says:

"You can promise your customers the prettiest line of goods ever shown in Newberry, as we are here in time to pick over and get just what we want of the very latest fads."

Mr. May makes semi-annual trips to New York and the Eastern markets, and as he has had many years' experience in buying, his customers are always sure of getting what they want, and at the price that saves them money.

The End of the World

Of troubles that robbed E. H. Wolfe of Bear Grove, Ia., of all usefulness, came when he began taking Electric Bitters. He writes: "Two years ago kidney trouble caused me great suffering, which I would never have survived had I not taken Electric Bitters. They also cured me of general debility." Sure cure for all stomach, liver and kidney complaints, blood diseases, headache, dizziness and weakness or bodily decline. Price 50c. Guaranteed at all drug stores.

THE BREAKERS

THE BREAKERS is second to none in location and beach attractions. It is the ideal hotel for summer tourists. Situated upon a high bluff overlooking the ocean, and less than two hundred feet from the rolling surf, it combines the benefits of an ocean voyage with the pleasures of a shore resort. The rooms are large all outside, en suite and single with baths, and thoroughly screened. The dining-room is on the ocean side and one of the most attractive rooms of the hotel. Electric lighting, telephone service and immediate connection with an up-to-date livery.

Bus will meet all trains.

In addition to The Breakers it has been possible to add the use of the Clarendon bath houses, bowling alley, pool tables, dancing pavilion and the famous Clarendon fishing pier. The table will maintain the high standard to which Mr. Holt pledges himself, wherever he assumes the management.

The remarkable record for healthfulness, especially for children, is a well established feature.

The proof of all is to join with the many who are booking for the season.

COLORED MAN WAS KILLED AT HAGUE

Jack Barnes Shot at Preacher and Killed Another Man.

TOM M'GEE WAS THE VICTIM

Barnes and Rev. Grant Fell Out Over Trivial Financial Matter, Which Caused Bloodshed—Rev. Grant in Dangerous Condition and May Die.

Jack Barnes, a negro at Hague, went gunning for Rev. Grant, a colored preacher at Hague, Saturday, with the result that Grant is wounded and another negro, Thomas McGee, an innocent party, is dead.

Barnes and Rev. Grant, it appears from what could be learned, had trouble over some trivial financial matter, which has resulted in hard feeling for some time. It is also said that they had been saying very uncomplimentary things about each other, with the result that Barnes became determined, and with a shotgun, went looking for the reverend parson. He met him in front of Parker's store and proceeded without ceremony to endeavor to "do him up." Raising the gun he fired, some of the shots taking effect. The main charge, however, struck McGee, who expired instantly.

Barnes, it is said, made no attempt to escape. He was arrested by Deputy Sheriff Arch Hague, who turned him over to Deputy Sheriff Osteen, and he was brought to this city and placed in jail, where he will have to await the next session of the circuit court.

"Make Hay While the Sun Shines."

There is a lesson in the work of the thrifty farmer. He knows that the bright sunshine may last but a day and he prepares for the showers which are so liable to follow. So it should be with every household. Dysentery, diarrhoea and cholera morbus may attack some member of the home without warning. Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept at hand, as immediate treatment is necessary, and delay may prove fatal. For sale by all druggists.

Badly Injured in Altercation.

Birmingham, Ala., Aug. 18.—In a personal altercation between M. E. James, superintendent of the gas works of the Birmingham Railway, Light and Power company, and W. H. Rogers, a prominent paint manufacturer, James struck Rogers on the head with a heavy monkey wrench, inflicting severe injuries and Rogers shot and perhaps fatally wounded James. Both men are in the hospital.

SHORT STAPLE COTTON.

Mr. Hartman of Paradise Believes It Can Be Raised Profitably Here.

Rev. F. M. Hartman of Paradise is not only a clean, refined and Christian gentleman who preaches the gospel, but he manages to put in a great deal of time on his farm and in his vineyard, with the result that he has at all seasons a beautiful crop. He has one of the finest grape arbors in the country.

Mr. Hartman is not only a producer of fine grapes, pears and other fruit, but is also a practical farmer, and raises an abundance of everything to eat which can be produced upon the farm. He became interested last season in the growing of upland, or short staple cotton, and from a pound of seed which was furnished by a lady friend, planted two rows 300 feet in length each. The plant grew and bore prolificly, as was demonstrated by a couple of bolls he brought to Gainesville. The bolls are well opened, and produce a fine substance of almost double the size of the ordinary short staple cotton.

Mr. Hartman states that the yield through the entire planting has been most prolific, and he does not understand why the growing of upland cotton could not be made prolific here, as, judging from the yield of that which he had planted, nearly a bale to the acre could be harvested.

Galveston's Sea Wall

Makes life now as safe in that city as on the higher uplands. E. W. Goodloe, who resides on Dutton St., in Waco, Tex., needs no sea wall for safety. He writes: "I have used Dr. King's New Discovery for Consumption the past five years and it keeps me well and safe. Before that time I had a cough which for years had been growing worse. Now it's gone." Cures chronic coughs, la grippe, croup, whooping cough and prevents pneumonia. Pleasant to take. Every bottle guaranteed at all drug stores. Price 50c and $1.00. Trial bottle free.

Stomach Troubles and Constipation.

No one can reasonably hope for good digestion when the bowels are constipated. Mr. Chas. Baldwin of Edwardsville, Ill., says: "I suffered from chronic constipation and stomach troubles for several years, but thanks to Chamberlain's Stomach and Liver Tablets am almost cured." Why not get a package of these tablets and get well and stay well? Price 25 cents. For sale by all druggists.

Charged Friend with Stealing.

Atlanta, Aug. 18.—Claud Allen, a young white man, was bound over under $200 bond in the police court for larceny from the house. Oscar B. Beasley, of 76 North Jackson street, charged the young man with stealing something like $19 from him. On last Saturday night Beasley met the young man, whom he knew as Johnson, and asked him to go out home with him. The supposed Johnson did so. He remained at Beasley's home for some little time, even going to bed for about an hour. Finally he arose with a supposed toothache, and while Beasley was in another part of the house, it is charged, the young man rifled his pockets, taking money belonging to the Georgia Railway and Electric company, by which Beasley is employed.

Loses Life in Boiling Tar Vat.

Birmingham, Ala., Aug. 18.—Harold Munn, aged 17, died at Pratt City from injuries sustained by falling into a boiling vat of tar at the Semet Solvay Works at Ensley. The hot tar enveloped his entire body and he was literally cooked to death.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit innoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the cause you remove the effect."

STATUE FOR GORDON.

Unveiling Will Take Place Early in May, 1907.

Atlanta, Aug. 18.—The unveiling of the equestrian statue of General John B. Gordon on the capitol grounds will take place next May.

This announcement was made by Judge W. L. Calhoun, president of the Gordon Monument association. A meeting of that body will be held some time next week to perfect arrangements relative to the monument. The legislature appropriated $15,000, which will be used, with other money raised by private subscription, with which to make the statue. In all, about $25,000 will be utilized.

Sculptor Solon Borglum is now completing a second model of General Gordon and this will be forwarded to Atlanta from New York in a few days.

The association committeemen will suggest whatever changes necessary and then he will begin work on the final one. The association will then decide whether the third and last will be accepted.

Summer Diarrhoea in Children.

During the hot weather of the summer months the first unnatural looseness of a child's bowels should have immediate attention, so as to check the disease before it becomes serious. All that is necessary is a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by a dose of castor oil to cleanse the system. Rev. M. O. Stockland, pastor of the First M. E. Church, Little Falls, Minn., writes: "We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for several years and find it a very valuable remedy, especially for summer disorders in children." Sold by all druggists.

Will Blend Own Whiskies.

Columbia, S. C., Aug. 18.—The board of directors of the South Carolina state dispensary, at its regular meeting adopted a resolution whereby the institution will blend its own whiskies in the future. This is regarded as an important step, and means a curtailment in the purchase of case goods from the various whisky houses. The institution will buy its whiskies in bulk from bonded warehouses, and blend and bottle them in the state dispensary. It was decided to make the resolution effective as soon as the necessary notice can be inserted in the advertisement for bids.

Unnecessary Expense.

Acute attacks of colic and diarrhoea come on without warning and prompt relief must be obtained. There is no necessity of incurring the expense of a physician's service in such cases if Chamberlain's Colic, Cholera and Diarrhoea Remedy is at hand. A dose of this remedy will relieve the patient before a doctor could arrive. It has never been known to fail, even in the most severe and dangerous cases, and no family should be without it. For sale by all druggists.

Confessed to Murder and Robbery.

San Francisco, Aug. 18.—With a coolness and nonchalence that amazed the police, Fred Peterson, William Meares, Walter Westwood and Frank McAuliffe, four youths still in their teens, have confessed that they are the quartette that committed a series of holdups, which culminated in the killing of Fred Mullineaux on the Ocean Buleavard last Sunday night. Peterson, who is but 17 years of age, admitted that he fired the shot which killed Mullineaux when the later resisted robbery.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. AN ORDINANCE

To Amend Section 10 of the Charter Provisions of the City of Gainesville, Florida, the Same Being Contained in Chapter 5497 of an Act of the Legislature of the State of Florida, entitled: "An Act Extending and Enlarging the Territorial Limits and the Powers of the City of Gainesville, a Municipal Corporation organized and existing in Alachua County, Florida, and Providing for the Exercise of those Powers," approved May 9th, 1905; and to Provide for the Calling of a Special Election for the Purpose of Submitting Said Ordinance to the Electors Qualified to Vote Thereat.

Be It Ordained by the Mayor and City Council of the City of Gainesville, Florida:

Section 1—That Section ten (10) of the charter provisions of the City of Gainesville, Florida, as contained in Chapter 5497, of an Act of the Legislature of the State of Florida, entitled: "An Act Extending and Enlarging the Territorial Limits and the Powers of the City of Gainesville, a Municipal Corporation Organized and existing in Alachua County, Florida, and Providing for the Exercise of those Powers," approved May 9th, 1905, be, and the same is hereby amended to read as follows, viz:

"Sec. 10—All ordinances adopted by the City Council and approved by the Mayor, or passed over his veto, shall be printed for distribution or published one time in a newspaper printed in the city, as the City Council shall determine and set forth in the ordinance, such publication or printing being made immediately upon such adoption and approval."

Section 2—The Mayor of the City of Gainesville is hereby directed to issue his proclamation calling a Special Election to be held in said city, on the 9th day of October, 1906, to determine whether or not the ordinance to amend Section Ten of the charter provisions of said city as proposed by this ordinance shall be approved by the affirmative vote of a majority of all the electors qualified to vote at said election, or if a majority of all the qualified electors shall not have voted at said election, then by a majority of the votes cast upon said proposition. Said proclamation shall be published for the length of time and in the manner in which proclamations calling the general city elections of said city are published.

Section 3—That this ordinance shall be published in a newspaper printed in said city once each week for eight weeks next preceding said special election. That at said special election said ordinance shall be submitted to the electors qualified to vote at said election for their approval, that each qualified elector shall have an opportunity to vote for or against the approval of said ordinance, and each elector shall cast a paper ballot. Each elector desiring to vote for or against the approval of said ordinance shall vote a paper ballot containing the words: "FOR approval of ordinance as proposed amending Section 10 of the charter provisions of said city requiring printing or publishing of ordinances as may be determined by City Council," or, "AGAINST approval of ordinance as proposed amending Section 10 of the charter provisions of said city requiring printing or publishing of ordinances as may be determined by City Council," and each of said ballots shall be counted as a ballot approving or disapproving, as the case may be, the adoption of said ordinance as proposed. The said special election shall be held, conducted and the returns thereof canvassed, in all other respects, as nearly as may be practicable, in compliance with the rules, regulations and ordinances governing and controlling the general city elections of said city.

Section 4—The City Council shall prepare and furnish all necessary blanks and ballots, and shall make all necessary preparation for said special election, and shall pay for the same out of the proper fund in the city treasury. The ballots to be used at said special election shall be substantially in the following form, viz:

Official Ballot, Special City Election, City of Gainesville, Florida, 9th day of October, 1906.

Make a cross (X) mark before the word "FOR" or the word "AGAINST" accordingly as you approve or disapprove of the adoption of the ordinance providing for the amendment of section 10 of the charter provisions of said city as therein proposed.

Vote for one:

FOR approval of ordinance as proposed amending section 10 of the charter provisions of said city requiring printing or publishing of ordinances as may be determined by City Council.

AGAINST approval of ordinance as proposed amending section 10 of the charter provisions of said city requiring printing or publishing of ordinances as may be determined by City Council.

Section 5—That all ordinances or parts of ordinances in conflict with the provisions of this ordinance be and the same are hereby repealed.

READ THIS.

STEVENSON, Ala., June 6, 1901.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very severe nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctor said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am Yours truly,

W. C. DANIEL.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by J. W. McCollum & Co.

Best Elgin Butter 28 cents. Cash only. Monday, Tuesday and Wednesday.
